CENSUS OF THE COMMONWEALTH, 30TH JUNE, 1961

NO.14. TASMANIA - POPULATION OF MUNICIPALITIES

This Bulletin contains particulars of the population recorded in each Municipality of Tasmania at the Census of 30th June, 1961. Figures are also shown for each town with a population of 750 persons or more within these Municipalities.

These figures are issued at a comparatively early stage in an interim form as they are derived from the initial Field Count and may in some cases be subject to considerable amendment on completion of tabulation.

The Municipalities and the Towns have been arranged in groups by Statistical Divisions, then in alphabetical order.

The boundaries of towns not separately incorporated for purposes of local government were specially determined for Census purposes to embrace the urban areas which could be regarded as the town. They have been indicated herein by adding the letters "N.M." after the name of the town.
